20 March 2019

30 Mar (Sat): All Talk, How Action? - A workshop on Civil Society action

Thanks to [CAPE](#) for inviting me to join this exciting workshop. I'm very impressed by the organising team and I am looking forward to learning a lot from everyone!

Curious to find out about the common and intersecting issues faced by civil society organisations (CSOs) in Singapore? Interested in meeting like-minded changemakers to brainstorm solutions and frameworks which can be applied by CSOs in their work?

Join this FREE workshop on exploring how CSOs in Singapore can better work together in solidarity to engage the state and increase the effectiveness of their advocacy.

Date: 30 March 2019 (Saturday)

Time: 11am to 3pm

Venue: Saga Lecture Theatre 1, Yale-NUS College

The workshop is FREE

Lunch will be provided!

Register at: <https://tinyurl.com/alltalkhowaction>

More details about the speakers in their [facebook event post](#).

[CAPE](#) (Community for Advocacy & Political Education) was founded by a group of students from Yale-NUS College and NUS Law. They are a community that examines local affairs relating to civil society, and provides avenues for Singaporeans to contribute constructively.
